- **Tools:** Tableau, Firebase, Visual Studio Code, Replit, Cursor, Framer, Notion, Canva Pro, SketchUp, 5Design

PROJECTS

Personal Portfolio Website (HTML, CSS, JavaScript)

Designed and deployed a fully responsive personal website with modern UI/UX and optimized performance.

Database & AWS RDS Integration (SQL, AWS RDS)

Deployed production-ready relational databases with automated backups and monitoring.

Tableau Mental Health Data Analysis

Built interactive dashboards and extracted actionable insights from demographic data.

DevOps Workflow Implementation (Git, Flask, Docker)

Implemented CI/CD-oriented workflows and containerized applications for consistent deployment.

Banking gRPC System (Python, SQL)

Developed a secure client-server transaction system with authentication and error handling.
